Between the depredations of the grasshoppers and cattle thieves, says the Pioche Record, the ranchers will not make a fortune this season.

The freight arriving at Wilmington by sea is so abundant that the railroad company are unable to furnish sufficient cars to transport it to Los Angeles.

During the past month three men have been drowned in Salmon river, W. T., at a point known as Old Chimney. One of them bore the peculiar appellation of Apple Sash John, another was known as Ben. Brown, and the third was a stock man, name unknown.

Artesian water was struck on the ranch of J. M. Creighton, about seven miles southwest of Tulare city, Cal., last Saturday evening, at a depth of 306 feet. The flow is strong, and it is thought it will equal that of J. M. Russell's, one mile this side, which flows 1,250,000 gallons in twenty-four hours. Mr. Creighton commenced another well near his dwelling last Tuesday afternoon. These wells are all seven inches in diameter.

A Lunatic Traveler.
Charles F. Schaefer, a Hessian traveler of wide and strange experience, recently died in a lunatic asylum near Sydney, Australia. Of delicate frame and long afflicted with chronic spinal disease, he had spent the whole of his life in travel, chiefly on foot. France, Spain, Italy, Switzerland, Turkey, Palestine, Japan, America, New Zealand, Australia—all these he had seen without money to pay his way. For food and shelter he relied upon the benevolence of strangers; on land he walked; on sea he worked his passage. It is estimated that for many years his walk averaged 4,000 miles per annum, and that in this time he had gone on foot over a total of 150,000 miles.

"I happen to know of a great many cases of rheumatism, sprains, etc., in which St. Jacobs Oil proved itself a never-failing panacea," said Mr. W. A. Davidson, of Cincinnati, Ohio. "I severely sprained my ankle while searching for geological specimens, and suffered severely until I tried St. Jacobs Oil. It cured me, leaving me in a mood to extol the Great German Remedy."

HUB PUNCH
TO TOP OFF A DINNER.
May be Drank Clear, as a Cordial
For a dinner thoroughly appointed, the good old way was to wash down the last triumphs of the feast with copious libations of old Port and Golden Sherry; but "HUB PUNCH" has added a new sensation to the epicure. Its delicacy, aroma, flavor, and delicious, but gentle effects, proclaim it the nectar fit for the gods banqueting on Olympus.
MIS HUB PUNCH with Ice Water, Cold Tonic, Lemonade, Soda Water, is unanimously pronounced unrivaled.

TESTIMONIALS.
"A sip is like nectar."—Boston Courier.
"Delicious beyond description."—Boston Transcript.
"Added to the good things of the table it encourages good nature."—Springfield Republican.
"Invaluable for a little treat when a friend drops in."—New York Evening Post.
"Many people lack the savoir faire to brew Punch. Hub Punch is indispensable wherever known."—Lippincott's Magazine, N. Y.
"The popularity of Hub Punch is testimony to your success in using the best and purest components."—PARK & TILFORD, New York.
"Quarrels of Hub Punch have surprised us—sold within three months a larger quantity than we anticipated selling in twelve months."—J. VANDERBEEK, New York and Chicago.

WARNER'S SAFE
The Leading Scientists of To-day agree that most diseases are caused by disordered kidneys or liver. The discovery of Warner's Safe Kidney and Liver Cure marks an era in the treatment of these diseases. It is a POSITIVE remedy for all diseases that cause pain in the lower part of the body, for torpid liver, headaches, jaundice, dizziness, gravel, fever, acute malaria, and all difficulties of the kidneys, liver, and urinary organs. It is an excellent and safe remedy for females during pregnancy. It will control menstruation, and is invaluable for leucorrhoea or falling of the womb. As a blood purifier it is unequalled, as it cures the organs that make the blood.
This remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLES of any medicine on the market, and is sold by druggists and dealers at \$1.25 per bottle. For diabetes, inquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE remedy.

EDITORIAL NOTES.

It appears to be a well authenticated rumor that a thousand Chinese cigar-makers have been contracted for by Eastern manufacturers. This is fighting fire with fire. San Francisco cigar makers, by employing coolies, were able to import tobacco, manufacture it, reship it East, paying double freight and interest on the capital invested, and undersell the product of free white labor. Now, Eastern manufacturers are about to avail themselves of Chinese labor and skill, and will at least be able to hold control of their own market. But between the avarice of employers, East and West, white labor will go to the wall. It is about time something effectual were done to terminate the ruinous competition of imported slave labor with free American industry. The country did not sacrifice almost countless treasure, and at least a million lives, to abolish domestic slavery simply to pave the way for a more pernicious system of slavery, organized by capital to degrade the labor ranks of America.

The people of Iowa are to vote, on the 26th of June, on an amendment to their State Constitution—prohibiting the sale of all intoxicants. The fight is already getting very hot, and party lines are largely ignored. The principal paper in the State, the Des Moines Register, and a majority of the rural weeklies, favor the measure. It is a significant fact that the Germans are as much divided as the native citizens. Both sides are doing their best, and the excitement will increase until the day for voting is past.

To disarm an Indian is a good thing, and Secretary Teller has shown what Western people call "sand" by ordering the disarmament of all wandering "bucks." But while this action of the Secretary's shows good Western horse sense, he should go further and disarm all Indians under the control of the Indian office. That an Indian will not work may be taken as proven, and it is equally true that a plains Indian will not walk. Confiscate the ponies and you have gone a long way on the road toward a discovery of how to civilize the Indian.

The Virginia Chronicle is industriously engaged in hunting for a gubernatorial candidate for the Republicans. It says the Republicans are short of timber. The party will have no trouble in finding a man for that office when the time comes. Hon. B. C. Whitman, Hon. Wm. Woodburn, General Conner, Allen A. Curtis, J. C. Hampton, C. C. Stevenson or others, equally as good men, are still members of the party, and residents of the battle born.

There has not been a liquor saloon in Orient, L. I., for 30 years, and great excitement has been caused by Mr. Newart, the village barber, who recently set up a pool-table in the rear of his shop for the use of his customers. The temperance people of the place held an indignation meeting and passed a series of resolutions denouncing the barber and the pool-table, and asking people to withdraw their patronage and do their own shaving.

Card-playing is practiced in no country to so great an extent as in Illinois. All ages and both sexes are passionately fond of it. The manufacture of playing-cards is a Government monopoly, and there is only one factory, from which 24,000 packs are turned out daily, or over 7,000,000 a year.

It is reported from British Columbia that lepers are found among the Chinese coolies now being imported to work on the Canada Pacific Railroad.

The postal authorities are considering the question of delivering mails at hotels in large cities as late as 10 o'clock at night.

John Gannon, one of the imprisoned "American suspects," has refused a release conditioned upon his leaving for the United States.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN.

WASHINGTON, June 17.

The Amendment Don't Stand.
Senator Miller made an unsuccessful attempt to amend the whisky bill that was introduced in the Senate yesterday. He offered an amendment providing that all brandy made from grapes used in making sweet or still wines may be removed from bond without taxes. He explained that in the manufacture of still wines fermentation is stopped by the use of grapes. The duty on foreign, sweet or still wines is 40 cents per gallon, and the tax on brandy used in making native sweet wine is 90 cents per gallon. After calling attention to the advantage the proposed amendment would give manufacturers of American still wines, Miller said: "The encouragement by the United States of such a wine would be a public benefit and enable our native wine-makers to compete with foreign wine-makers in France and other countries, which they are now not able to do. I regard it as simple justice to place these manufacturers in such position that they can successfully compete with foreign producers." Miller's amendment was rejected without a division.

Very Big Figures.

WASHINGTON, June 16.

Scores of letters are being received daily by members of the Senate Pension Committee in relation to the bill that recently passed the House increasing the rate of pensions of soldiers and sailors who lost an arm or leg in the service to \$40 dollars per month. The Committee has the bill under consideration, but may not conclude to act on it during the present session of Congress. Mr. Dudley, Commissioner of Pensions, explaining the scope and effect of the proposed law, says: "It was asserted in the brief debate that preceded the passage of the bill that its cost would be only in the neighborhood of \$16,000,000 per annum. The increase would add \$2,247,444 annually to the amputation roll and \$3,542,960 to the equivalent disabilities roll, making a total of \$5,790,404." He estimated that five years' work would be required to settle all claims and recommends that if the bill should pass a proviso be inserted that claims pending before the Bureau should have precedence in adjudication to those proposed in the bill.

A Hard-up Territory.

WASHINGTON, June 16.

Governor Tritle, of Arizona, returned from West Point to-day and will remain here for some days. He is consulting with the President and War Department in relation to Arizona troubles and other matters bearing upon his office. He says the Contingent Fund of the Territory is only \$500, which is insufficient, and the Government has no house and not even a desk. When Governor Fremont went out of office there was not even a blank, and he had to call on Governor Sheldon, of New Mexico, for blanks in order to conduct the business of the office. He also says there is no one willing to accept the District Attorneyship for the Territory, and it is a most difficult matter to find a suitable United States Marshal. He proposes to reconstruct things.

Garfield's Funeral Expenses.

WASHINGTON, June 17.

The passage of the bill for the payment of Garfield's sickness and funeral expenses has been delayed for several weeks in the hope that Congressman Blackburn, of Kentucky, would leave the city, so that the bill might be approved without discussion or delay. Blackburn has made a report against allowing certain expenses incurred for liquors, etc. He has in his possession facts showing how much money was expended for whisky-cocktails, brandy, wine, etc., which he proposed to lay before the House whenever the report of the Adding Committee is called up. He will be absent next week, but he informed a correspondent to-day that he would make an agreement with Judge Taylor that the report should not be called up in his absence.

Railroad Matters.

CHICAGO, June 17.

Hugh Jewell and Robert Harris, President and Vice President of the Erie road, reached this city yesterday. The object of the visit is to inspect the terminal accommodations of the Chicago and Atlantic road, now nearing completion. The road will join the Erie's Chicago connection. Jewell will probably go on to Colorado.

The Southwestern pool to-day completed arrangements for the proposed advance in passenger rates, to take effect June 20th. Outstanding unlimited tickets will be redeemed at the following rates: Between St. Louis and Kansas City, both ways, \$5.50; between Chicago and Kansas City, both ways, \$5.50. The new agreement is subject to abrogation upon ten days notice from any party thereto.

The Naval Appropriation Bill.

WASHINGTON, June 17.

A draft of the naval appropriation bill which is printed, proposes, it is said, to appropriate \$1,000,000 for completing four monitors now on the

stocks along the Delaware river, and \$275,000 for finishing the monitor Miantonomah at Mare Island navy yard, Cal., and \$190,000 for the purchase of breech-loading steel guns. The aggregate amount which the bill appropriates is little more than \$15,000,000. It is further said that the draft of the bill contains some proposed legislation on the subject of reorganizing the navy and provides, among other things, for abolishing the rank of Commodore.

The Iron Workers' Strike.

CLEVELAND, June 16.

To-morrow is pay day. Only \$40,000 will be paid out, a net loss for the month of \$160,000 to the strikers.

PITTSBURG, June 16.

Great preparations have been made for the labor demonstration to-morrow. It is believed there will be 25,000 men in line.

CLEVELAND, June 17.

All quiet at the rolling mills. A few stones were thrown at the train conveying non-union men working, but nobody hurt. A large force of police is on duty, and the military is on guard in the armory.

PITTSBURG, June 17.

It is reported at the Association rooms that the strikers have sent committees to two mills offering to resume work at the old wages. In mining matters there is little new. Twelve out of twenty mines in Panhandle are being operated with colored non-union men.

CUMBERLAND, June 17.

It is rumored there will soon be a compromise between the companies and miners on a basis of 50 cents per ton and ten hours a day's work.

The Christianity Case.

WASHINGTON, June 17.

Special Examiner Johnson to-day took the deposition of Alfred Harper, stenographer in the Christianity divorce suit in behalf of Christianity. His testimony was to the effect that upon one occasion Mrs. Christianity left the examiner's room, declining to confront Denis Bland, the hackman who drove her to the St. James Hotel to meet Edith Giro and back, for the purpose of seeing whether the cabman could identify her; that Charles Goodman was permitted to read over the testimony of Mrs. Mary Chamberlain, of New York, before testifying himself. On cross-examination he testified that Stephen Chester was intoxicated the first time he appeared before the examiners.

The Cowardly Assassin Closely Watched.

WASHINGTON, June 17.

Guiteau at this time could be entrusted with a revolver and would not kill himself, nor by any other method which would cost him pain. If he could obtain poison that he knew would carry him off without suffering he would take it, and it is, therefore, deemed well to watch the cell. He leaves in the morning and the one he leaves in the evening, lest, through some means, he might secrete something of the kind, or have some other unknown means in his possession to use at the last hour.

Silver and Gold.

WASHINGTON, June 17.

The Secretary of the Treasury has transmitted to Congress the report of the Director of Mints upon the production of gold and silver in the United States in 1921. The total product of gold for the year is \$34,700,000; silver \$43,000,000. Colorado takes first place among the producing states with a yield of more than \$30,000,000. California follows with nearly \$19,000,000, and Nevada, which at one time ranked first, is now third with a product of less than \$9,000,000.

An Opening for More Frauds.

WASHINGTON, June 17.

The Senate Committee on post offices and post roads has decided to report favorably a bill recently introduced by Hill (Col.), which proposed to amend the Revised Statutes so that hereafter bidders for mail routes shall not be required to furnish checks or drafts with their bids or proposals.

Jim Keene's Protest.

NEWPORT, R. I., June 17.

In behalf of James Keene notice has been served on Henry Cozzens against the Western Electric Company of Boston, ordering him to remove the poles in Bellevue Avenue and forbidding him to further prosecute work under penalty.

Paying an Old Score.

WASHINGTON, June 17.

Senator Farley has introduced a bill to pay \$5,000 to Charles Murphy for material furnished by him for the construction of the United States Appraisers' stores at San Francisco.

Pensions Granted.

WASHINGTON, June 17.

The House at the evening session reported 17 pension bills, including one granting a pension of \$50 per month to Betty Taylor Landridge, daughter of Zachary Taylor.

Another Band of Chinsmen Bound East to Make Cigars.

A lot of Chinsmen were on an emigrant special this morning, being herded to New York by a fat boss, who watched his cattle closely, as if he feared they would be stampeded by the bad men of Reno. They were cigar-makers, and will probably go to work for some man who advertises that he employs only white labor. The East is being rapidly stocked with this class of labor, particularly the cities of New York, Boston and Providence. The Chinese companies have a large number of coolies on hand now, and are doing their best to get employment for them. It will not be surprising to learn that the contractors who have sent to China for coolies by the thousands have assumed a load which they cannot profitably carry—in other words they have "bit off more than they can chew." They are sending them East for any rate of wages obtainable. Every crowd that passes through Reno has a "Serang" or boss, with a sort of lieutenant, who are responsible for the coolies and must return them, alive or dead, to the company to which they belong. In some of the mountain towns of California when Chinsmen have accumulated a large number of corpses, they have a grand "clean-up." The bodies are dug up in various stages of rotteness and boiled till the flesh is readily scraped from the bones, which are shipped to China. A man can smell one of their clean-ups clear to the North Pole. When an occasion of this kind occurs in the East, New England esthetes won't be able to imagine what is about to happen. But the experience will come to them some day.

TABOO ITEMS.

Bad Weather and Good—Baldwin's loss—The "Descon" Makes a Mash.

TALLAC, June 15.

The weather has been perfectly horrid for the past week, and on Saturday we were treated to a real old fashioned thunder storm; even "Yank" said that it was the "worst he ever saw here." I thought that if I was spared to see the light of another day, I would be homeward bound; but the sun rose as clear as ever, and the night seemed like a hideous dream. It is cloudy and cold now, with low hanging clouds. There was a man named C. Carpenter drowned in the creek between here and Rowland's yesterday. He fell in a fit into the water. He has worked for Woodburn three years.

Mr. Baldwin arrived here on the 14th, and will leave for the East on Saturday. He lost \$400 worth of champagne and one box of table linen. He received word to-day that one barrel of lost silver was found. The other burst, and the silver is gone. He estimates the damage at \$1,500.

The first campers of the season are Rev. Robert McKenzie and Waldo L. Palmer with their families. The ladies complain of the cold weather. Segar and McSwain, with their families, have arrived. Five more dairymen, with their cattle, are here. They report three feet of snow on the summit, but the roads are tolerable. The Placerville mail is sent on horseback. The stages from the Big Trees have not made their appearance yet.

The bridge has been repaired between here and Rowland's. The butcher wagon came for the first time to-day. Tallac has quite a number of guests. The girls that work for Baldwin were awfully mad at the "Descon" for calling them "pretty waitresses." They deny being anything of the sort. They will have men in the dining-room.

Baldwin has his surveyors here, at work. They all go to the Soda Springs to-morrow.

SUSAN JANE.

Reno's Fourth of July Celebration.

The Enterprise says: "Thus far none of the people of the surrounding towns have done anything relative to the Fourth to make our people mad. Had Carson, Gold Hill, Dayton or any other town presumed to take any liberties with the Fourth, Rome would have howled at this. As the cost-tail of our patriotism has not yet been trodden upon we are quiescent, but it is the calm of the coiled serpent ready for a spring." The people of Reno desire the Comstockers and the rest of creation to understand that there will be a grand celebration in their town on the Fourth. Renosites are putting up the money for it generously, and there is no doubt about our having a rattling good time.

Accident on the Geiger Grade.

The Virginia Chronicle says: Dr. Zangerle met with a very serious accident Thursday afternoon on the Geiger Grade. The doctor was driving to Reno in a buggy and was about a mile north of the Five-mile House, and was about to turn around a curve, when he met a drove of cattle. His horse became frightened and dashed over the grade, turning a complete somersault, throwing the doctor out of the buggy against a rock. He was picked up in an insensible state and brought to town. He had a bad cut on the right side of his head, and his left hand and leg badly bruised. The horse was brought to town badly injured in the fore shoulder and left leg. The buggy was a total wreck.

PATERSON DISTRICT.

A Promising Mining Camp in the Sweet-water Mountains.

The new town of Clinton, which is already sending out considerable bullion and attracting the attention of mining men, is located at the base of Clinton Peak, and two miles from the Aurora and Carson road. It is in Mono county California, the State boundary line running about one mile north. In an air line it is about ten miles northwest from Bodie. It boasts of a five-stamp mill—Summers mill, one store and postoffice, two saloons, the Summers and Ebi boarding house, a large and well appointed livery stable, two assay offices, a tonorial establishment and bootmaker. Of professionals there are two lawyers, one notary public and a U. S. deputy surveyor. Between thirty and forty buildings now constitute the town, but new ones are being started every day. Wood is delivered by Indians at \$2 50 per cord. The Summers mill has just been supplied with a new engine and boiler from the Gold Hill foundry. The engine is of 80-horse power, which will enable the owners to make a ten stamp mill of it with comparatively small outlay. Another pan will soon be put in, making three in all, which will add materially to the capacity of this little bullion producer. The mill commenced work again on Wednesday evening on ore from the Summers mine. The ore is packed on mules from the mine, a distance of three miles, but the company will, in due time, build a wagon road to it. The old mill turned out about \$8,000 a month, with but one shift and from medium ore—float ore, we may say, and as the capacity of the works has been increased and the mine is producing better ore, we may reasonably look for a greatly increased output of bullion from the Paterson District.

Church Notices.

The morning service at the Congregational Church will be for the special benefit of the children and young people. The music and beautiful floral decorations will form attractive features of the occasion. The children should come early to secure good seats. Service commences at 11 o'clock. Sunday School at 12:30. In the evening, at 7:30 o'clock, there will be a praise service, after which the pastor will consider the question: "When priests differ, what can the people do?" A. B. Palmer, pastor.

There will be services at the Methodist Episcopal Church at 11 A. M., and Sunday school concert at 7 1/2 P. M. It being "Children's Day," the Church will be nicely decorated. All are invited. G. W. DeLaMaty, Pastor.

Services in the Baptist Church at 11 A. M. and 7:45 P. M. Rev. E. B. Hatch, officiating. Morning subject: "The Woman of Samaria." Evening, "Rising and Falling."

Nevada Theatre.

Mitchell's "Pleasure Party" came in from the East last night, and a jolly lot they are. The company will appear at Nevada Theatre for the first time this evening. "Our Goblins" will be presented, and all who fail to witness it will miss a treat. The piece is divided into three acts, the first being made the vehicle for the introduction of a pleasing burlesque of the modern society drama, while the others deal with the experiences of a party of American tourists in Germany and the extraordinary dream which resulted from one member of the party partaking too freely of champagne. A liberal amount of new and popular music is introduced. The company will have a good house, and it is a sure thing that none will go away dissatisfied with the evening's entertainment. No extra charge for reserved seats.

Another Pioneer Gone.

John Garret, an old pioneer of 49, died on the 15th at the Sutton House, on the Humboldt road, Butte county, Cal. He came in the same train in 1849 with Judge Warren T. Sexton and Rev. Mr. Hobart, the old Methodist minister, and Mr. Hobart's son William, late Controller of Nevada. He was unmarried, and has a sister and brother-in-law in Sacramento.

A Rough Sell.

Yesterday Nasby was told by Frank Perkins that T. K. Hyman had been set upon by a party of roughs and mangled till he was nearly dead. Nasby's eyes pumped moisture as he started in a run for the locality where Hyman was said to lay with all the doctors in Reno patching up his mutilated anatomy, only to find, after a long run, that the thing was a hoax.

Good Score.

The Carson Guard rifle team made the following score, at the 200 yard range, Thursday. The Reno team will have to shoot with care, if they want to beat it to-morrow: Slocumb 46, Crawford 44, Saffell 44, Heritage 44, Meyer 44, Thaxter 43, Alley 43, Cowing 42, Parker 42, Sherman 41, Bicknell 40, Chesley 40; total, 513. Average, 42 2/3.

Grand Layout at the Arcade.

Boiled Spring chickens will be served at the Arcade for breakfast to-morrow, with many other niceties. For dinner there will be roast turkey, with a grand array of side-dishes. Those who have fastidious tastes should visit the Arcade, and be tutored with good things.

PERSONAL.

Judge McKenney was in town last evening.

Lon. Hamilton was in town this morning.

H. W. Higgins, agent for the C. P., returned home to-day.

John W. Mackay will probably be in Reno in a few days.

G. F. Trambley, of Denver, is registered at the Depot.

E. V. Spencer, the Susanville lawyer, was in town last evening.

H. L. Tichnor, Wells-Fargo's agent in Carson, was on the morning train.

D. E. Bailey, Eureka, returned to the Base Range on this morning's train.

Alfred Helm, for many years Clerk of the Nevada Supreme Court, was in town to-day.

Hon. C. C. Stevenson and wife arrived from the Bay this morning, and continued on to their home in Gold Hill.

S. H. Marlette of Carson, George R. Walker of Winnemucca, and John Gallagher of Eureka, are registered at the Arcade.

J. J. Peters, of Bodie, will arrive on the evening train, en route to Wisconsin, having received news of the dangerous illness of his mother.

John Brady, the man who recently had his face and head badly injured by a premature explosion on the Carson and Colorado, has fully recovered.

H. D. Parker leaves for San Francisco to-night, to take a position in the Laurel Palace. He is a 49er, and a nephew of the old proprietor of the famous Bank Exchange.

J. D. Pollard, an old and respected resident of Reno, who has been confined indoors for the past sixteen months with an affection of the heart, made his appearance on the streets to-day for the first time. He is gradually recovering, and will soon be as good as new.

How a Reno Man Weathered a Promised Storm.

The following dialogue occurred between a man and his wife yesterday:

"Hans, come mit me and I speaks some leedle things."

Hans looks scared and guilty, for he sees a dark cloud on the face of his frow; but he faces the music and, with arms akimbo, awaits the storm, which, however, is not much of a cloud-burst, after all.

"Hans, I hear you have been and make love to dot servant girl vot works mit de kitchen. Vos dot so?"

"Dot is my beesiness, Gretchen," replied Hans, with much importance.

"But, Hans, bimeby vot you say to dot leetle shild vot he here they say?"

"Dot is her beesiness, Gretchen."

"Now, Hans, I'll tell you vot I do. I make dot girl go mitout this house right away to once."

"Dot is your beesiness, Gretchen," and Hans went off, chuckling at having weathered the storm so easily.

Bradley's Runaway.

Bradley's horse, Black Charley, came down Sierra street this afternoon at a rapid gait harnessed to a buckboard. In passing, the off side of the wagon hit the east end of Earl & Co.'s freight-house, demolishing the wheels and leaving the balance of the vehicle hitched to the horse. He ran to Condon & McIntosh's lumber yard, where he deposited what was left of the buckboard, turned into Second street and was last seen going west at a rate of speed that Mollie McCarty, in her best days, could not have beaten.

Political Pressure.

"Well," remarked Jones the other day, "I see by the papers that Jenkins is having a strong outside pressure brought to bear on him to allow his name to be used as a candidate for the office of"—"I guess," remarked Simpkins, as he shoved back his chair, tilted his hat over his eyes and spat on the stove, squinting reflectively the while at the last man who had dropped in to purchase a two-for-five Havana, "I guess he's like the rest of the boys. The pressure is mostly internal."

The train to-morrow morning will be crowded with Renosites who are going to Carson to attend the Turn-Verein picnic. The train leaves at seven o'clock in the morning. All kinds of games will be introduced and a general good time will be the result. The shooting will be interesting to a great many. Don't fail to go. Tickets only \$1.50 for the whole thing.

Drowned.

The Carson Tribune says: B. S. Carpenter, well known about Lake Tahoe and in Lake Valley, was discovered dead in a six-inch stream of water, near Woodburn's mill, Lake valley, Thursday. It is presumed that deceased stooped to take a drink, was taken with a fit, fell into the stream face down, and was drowned.

A Successful Missionary.

St. Ryan, the temperance agitator of Bodie, arrived in Reno this morning, after a two weeks' visit to San Francisco, where he exerted himself in behalf of the cause he champions. He returns home much gratified that his labors have been successful.

A Wedding on Hand.

It is probable that there will be a wedding this evening not many miles from the GAZETTE corner. As "there's many a slip 'twixt cup and lip," it is hardly fair to say more, for something might occur to interfere with present arrangements and anticipations.

Hortford's Acid Phosphate in Liver and Kidney Troubles.

Dr. O. G. Cilley, Boston, says: "I have used it very extensively, and with the most remarkable success in dyspepsia and in all cases where there is derangement of the liver and kidneys."

No well stocked private wine cellar without the celebrated Eclipse champagne.
